SPEARS Southwest Tour Series hosts the **Patriots Honor 100 to Support Our Military**

This will be a Special Salute to Service Event

Help us honor all our military and community heroes at the **Patriots Honor 100** at Irwindale Speedway. This will be a great day at the races supporting those who have given so much for our freedom. We ask for your support in spreading the word.

The event will be held at the Irwindale Speedway on August 19, 2017. Tickets are \$15 at the gate. **All active and retired military members** are FREE with ID. Gates open at 4pm, autograph session at 5:45pm and racing at 7pm.

Patriots Honor recipients have the great honor of participating in track events. Come out to see what we have in store for these amazing individuals. Meet current and past injured veteran recipients and hear more about how Patriots Honor is helping those who gave by giving back more, like

Jordan Stevenson, 2017 Patriots Honor recipient

On his first deployment to Afghanistan in December 2016, Jordan Stevenson sustained a gunshot wound to his head and spent the next month in a medically induced coma and the next year learning to walk and talk again. His injury left him with a severe TBI, his entire right side completely paralyzed and the eventual amputation of his right ankle!

With your support Patriots Honor hopes to help Jordan and many other injured veterans reintegrate into a new normal and realize their dreams. Now in our 5th year, Patriots Honor is proud to be a 100% volunteer organization of military helping military. To learn more visit www.patriotshonor.org or call us at 855.4VALOUR.

"Patriots Honor is different from other organizations... they are a family and they treat me like I'm part of that family." - Joshua Hotaling, 2016 Patriots Honor recipient
